

Acceptable Use Policy

DRAFT template - finalize with counsel. Incorporated into the Terms of Service.

This policy applies to all use of the Vertofi platform operated by **VERTOFI PRIVATE LIMITED** (CIN U62099TS2026PTC211039).

1. Permitted use

The service may be used only for lawful business accounting, compliance and financial-management purposes by the account holder and its authorised users.

2. Prohibited conduct

You must not: - use the service unlawfully or to facilitate fraud, money laundering, tax evasion or other offences; - upload data you have no right to process, or that infringes third-party rights; - attempt to access another tenant's data or any non-authorised area; - probe, scan, or test the vulnerability of the platform without written authorisation, or breach security/authentication measures; - reverse-engineer, decompile, or copy the software except as permitted by law; - introduce malware, or overload, disrupt or degrade the service (including excessive automated requests); - resell or provide the service to third parties except as expressly permitted; - misuse AI features to generate unlawful, misleading or harmful output.

3. Data responsibility

You are responsible for the legality, accuracy and rights to the data you submit, and for obtaining any required consents from your own data subjects.

4. Fair use & limits

Plan limits (users, invoices, OCR scans, storage, AI usage, bank accounts) apply. Excessive or abusive usage may be rate-limited or suspended.

5. Security cooperation

Report suspected vulnerabilities or incidents to [security@vertofi.com]. Do not publicly disclose vulnerabilities before they are resolved.

6. Enforcement

Violations may result in warning, rate-limiting, suspension or termination, and referral to authorities where required by law.

This is a template and does not constitute legal advice.
