

# Cookie Policy

DRAFT template - finalize with counsel and reconcile with your actual cookie/tracker inventory before publication.

This Cookie Policy explains how **VERTOFI PRIVATE LIMITED** (CIN U62099TS2026PTC211039) uses cookies and similar technologies on the Vertofi websites and applications.

## 1. What are cookies

Cookies are small files stored on your device. We also use similar technologies such as local storage and tokens to operate the service.

## 2. Categories we use

| Category               | Purpose                                           | Example             |
|------------------------|---------------------------------------------------|---------------------|
| Strictly necessary     | Authentication, session, security, load balancing | session/auth tokens |
| Functional             | Remembering preferences                           | UI settings         |
| Analytics (if enabled) | Understanding usage to improve the product        | aggregated metrics  |

Note: the current applications primarily use browser storage for authentication tokens (strictly necessary). Confirm any analytics/marketing trackers before claiming them here.

## 3. Strictly necessary

These are required for the service to function (e.g., keeping you signed in, protecting against fraud). They cannot be switched off without breaking core functionality.

## 4. Managing cookies

You can control cookies through your browser settings. Disabling strictly necessary cookies/storage will prevent sign-in and core features from working.

## 5. Third parties

Some integrations (e.g., payment, analytics) may set their own cookies governed by their policies. A current list is available on request.

## 6. Changes

We may update this policy; the latest version is always available here.

## 7. Contact
